

Trouble making ends meet?

Use our custom-designed aid

The war in Ukraine has led to an energy crisis. This caused the energy prices to skyrocket. This, in its turn, led to an increase in the prices of our groceries. In short, everything is becoming more expensive. It is possible that, as a result of this, you have some trouble paying your fixed charges each month. Does that sound familiar to you? Please contact us.

Custom-designed aid

Do not let it weigh on your mind, but contact your local authority! Have a cup of coffee and a good talk with us. We will gladly offer a sympathetic ear to let you know you are not alone in this! During an informal talk, we will look over your personal situation and offer custom-designed aid.
