

What is a family group plan?

This is a written plan in which you outline your ideas about what can support you or your family. You describe what is going well and identify any challenges. You also note what you can do yourself, as well as what you can achieve with the help of others. The plan can be created together with your family, friends and other supportive relatives.

What will happen with the plan?

This plan can be completed prior to your meeting with a municipal consultant. We believe you know your own family best. Sharing this plan will help the consultant gain a clearer understanding of your ideas.

What to do after completing the form?

If a meeting with a municipal consultant has already been scheduled, you may share this plan with the consultant, for example by emailing it to sociaalteam@nijkerk.eu. Please include the meeting date in your email. Alternatively, you may share the plan with the consultant at a later time.

If you have not yet contacted the municipality, this plan may also be useful in clarifying your situation for yourself and for your family or friends.

My name and my role in our family

This might help me/our family:

Did you know?

Did you know that there are many organisations in Nijkerk that can support you without needing to contact the municipality first?

You can visit the PIT or Wegwijzer Nijkerk websites. The 'Doet en Ontmoet' website also offers an overview of various activities you can take part in.
