The following files could not be located:

HBHAAITD.(shx,ttf)

Conversion:

All drawing files were converted to AutoCAD 2013/LT 2013 format.

Notes for distribution:

.DWG external reference files:

External reference (xref) paths may be present. Make sure these paths work or that the root drawing is using the correct references.

eTransmit does not include files required by xrefs unless they are also required by the root drawing. In particular, plot style tables and overlay xrefs that are not used by the root drawing are omitted

.SHX fonts:

Please copy these fonts to the AutoCAD Fonts directory and check with the font manufacturer about distribution rights. Fonts supplied with AutoCAD are freely distributable.

.TTF fonts:

TTF fonts must be registered with the Operating System. To register,

On Windows:

Copy these files to the system fonts folder or use the fonts application in the Control Panel.

On OS X:

You may install fonts by double-clicking them and following the on screen prompts in the Font Book application, or by manually copying or dragging font files to any of the standard Fonts folders in **5.12e** OS X.

Check with the font manufacturer about distribution rights. Fonts supplied with AutoCAD are freely distributable.

.PC3 printer configuration files:

Please copy these files to the AutoCAD Printer Configuration Search Path directory.

.CTB/.STB plot style tables:

Please copy these files to the AutoCAD Plot Style Table Search Path directory.

*** Map 2007 Data and Cache files ***

The drawing 'C:\Users\rjk\GP Groot B.V\HB-24HB0322 Uitwerken VO DO en bestek Alkmaarseweg Beverwijk - Documents\05-Tekeningen\X-24HB0322-NS-001 Nieuwe situatie.dwg' refers to a cache manifest XML file, zero or more cache files (.GWS) as well as raw data files.

Please ensure the manifest XML file and cache files are unzipped to the drawing directory or your current MapCache directory.

You may also need to update the cache manifest XML file to point to the unzipped location of the data files.
