

A close-up photograph of a sloth's head and shoulder. The sloth has thick, greyish-brown fur. A bright green identification tag is attached to its fur. The tag has a circular hole at the top and contains the text "NL", "1001061", and "35918" in a bold, sans-serif font. The sloth is positioned against a rough, grey rock surface. In the foreground, there are several long, green blades of grass. The background is dark and out of focus, suggesting a natural habitat.
